Dear Parents,
Greetings from SMO.

The School is underway, and hopefully your child is settling in for an exciting year of learning, growing and building relationships with their student friends and the staff. The management at St. Mary's Orphanage and Day School strives to bring year after year the best of academic and extra-curricular opportunities for its students. As the school expands, its growing need for having robust educational and other facilities is our main priority.

In this regard, I would like to bring to your notice that our old senior school classroom structure has deteriorated after the Amphan cyclone. Currently, we have vacated those classrooms and shifted the classes to the other part of the premises from the beginning of this new academic year. We have decided to demolish this old classroom structure for greater safety of our students, and to re-build it as an extension block with the upcoming new school classroom block.

Our resources are limited and the need is of high priority. I earnestly request for your generous contribution that would assist the school to take up this work. Do get in touch with me (Br Ruvan Rebello) for donation related queries.

Best Wishes,
Br Ruvan Rebello
